January 21, 2024

# Presentation Plan

- ① Motivation
- ② Why SustainTrack
- ③ Functional Flow
- ④ Technologies
- ⑤ User Interface
- ⑥ Appendix

# Motivation

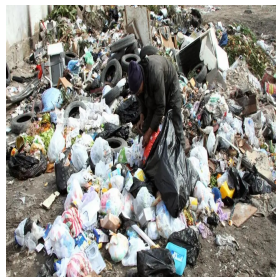

572 million  
dinars/year

At least 2.8 million  
dinars per year

600,000 malnourished  
people

Source: Tunisian National Institute for consumption

# WhySustainTrack

SustainTrack is an API designed to help retailers manage their stock efficiently and reduce food waste. It aims to make a positive impact on both businesses and the community.

- **Dynamic Stock Management**

- **Real-time Tracking of Perishable Products expiration**

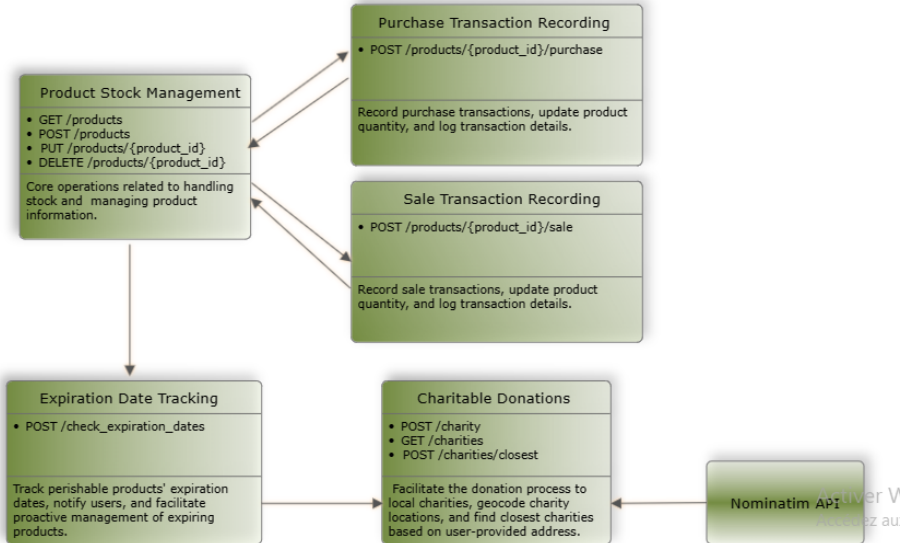

- **Donation Encouragement and Facilitation**

- **Sustainable Perishable Waste Minimization**
